THRU : Chief, Economic Research

Acting Chief, Industrial Division

Revision of ORR Standard Classification of Economic Activities  
and Factors (ORR Project No. OO.1651).

1. We are returning the attachments which accompanied your memorandum of 12 October 1956. The assignments of commodity and activity responsibilities to D/I branches contained in these lists have been reviewed in the branches and at the division level. The following paragraphs list the changes in your typewritten lists recommended for the Industrial Division in connection with revision of the ORR Standard Classification. Recommendations for joint responsibility by D/A and I/CI for items 831, 832, A415, A516, and A642 have been cleared with Chief, D/A. No other inter-division coordination has been effected.

2. The changes recommended are of the following types:

a. Add - Indicates a type of work the branch is now performing but which is not shown in the Standard Classification, or an activity which it is expected will be assumed.

b. Revision - Denotes a recommendation for revision of indicated responsibility.

c. New Title - Indicates a rearrangement of titles, or a revision of wording for purposes of clarification.

d. Delete - Indicates that the subject should be dropped from the D/I section of the Standard Classification.

3. Following are the additions and corrections recommended for the D/I section, based on the current organization of work in the division:
